EXAMPLE OF LIGHT POINT COMPOSITION
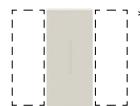

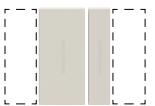

| 2 modules	3 modules	4 modules	6 modules
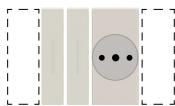

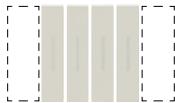

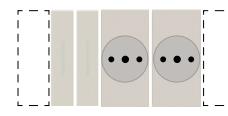

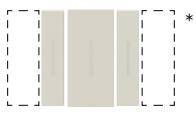

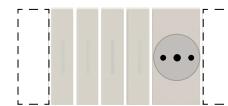

* **Note:** for solutions using one 2-module cover for the main controls, it will be necessary to use two "half-module blanking modules" (item K4949) at the sides of the control. (see the sample diagrams below)

2-module support

1 function with 1 module

2 half-module blanking modules item K4949

1 cover with 2 modules

3-module support

2 functions with 1 module

2 half-module blanking modules item K4949

1 cover with 2 modules

1 cover with 1 module
